

Enjoy the Journey!

# 2024 COVENANT WOMEN'S RefresHER

## Surrender and Trust

*Luke 1:37*

"For nothing will be impossible with God"

## INFORMATION

Women dedicate themselves wholeheartedly in their roles as nurturers, leaders, and caregivers, often putting their own well-being on the back burner. Just as we need to recharge our devices to maintain their functionality, women also require a time to refresh and revitalize.

The Covenant Women's RefresHER offers a unique opportunity for women to gather, engage in uplifting worship, draw inspiration from the Word of God, and receive prayers for their personal journeys. By prioritizing this time of seeking God's presence to nourish their spirits, women who attend the RefresHER will experience a refreshing renewal, recharged energy, and a revitalized sense of purpose for the path ahead!

### Sr. Chaplain Treva Woodson CEO & Founder of CWF

During my 20-year career at a prominent Fortune 50 corporation, I realized that there was a notable absence of female mentors available to guide me through the various chapters of my life. I prayed and asked God for wisdom to become the mentor that I had longed for at every stage of my journey as a woman. My heartfelt desire was not just for my own personal growth, but to become "that woman" that every girl and woman needs in every phase of her journey. God has answered my prayer through Covenant Women's Fellowship!
